## PUBLIC PARTICIPATION SURVEY FOR HAZARD MITIGATION PLANNING

We need your help! Please take a few minutes to complete this survey.

The Counties of Coahoma, DeSoto, Grenada, Panola, Quitman, Tallahatchie, Tate, Tunica, and Yalobusha are working together to become less vulnerable to natural hazards, such as winter storms, tornadoes, and floods, and your participation is important to us!

The counties, along with local jurisdictions and other partners, are working to prepare a multijurisdictional *Hazard Mitigation Plan*. This Plan will identify and assess our community's natural hazard risks and determine how to best mitigate, or minimize and manage, those risks.

This survey is an opportunity for you to share your opinions and participate in the mitigation planning process. The information you provide will help us better understand your hazard concerns and can lead to mitigation activities that should help lessen the impacts of future hazard events.

## Please help us by completing this survey by August 15, 2016 and returning it to:

Ryan Wiedenman, Atkins 1616 E Millbrook Road, Suite 310 Raleigh, NC 27609

Surveys can also be faxed to: (919) 876-6848 c/o Ryan Wiedenman or scanned and emailed to: Ryan Wiedenman at <a href="mailto:ryan.wiedenman@atkinsglobal.com">ryan.wiedenman@atkinsglobal.com</a>.

If you have any questions regarding this survey or would like to learn about more ways you can participate in the development of the *MEMA District 1 Regional Hazard Mitigation Plan*, please contact Atkins, planning consultant for the project. You may reach Ryan Wiedenman (Atkins) at 919-431-5295 or by email at ryan.wiedenman@atkinsglobal.com.

## 1. Where do you live?

Unincorporated Coahoma County	Courtland	Oakland
Unincorporated DeSoto County	Crenshaw	Olive Branch
Unincorporated Grenada County	Crowder	Pope
Unincorporated Panola County	Falcon	Sardis
Unincorporated Quitman County	Friars Point	Senatobia
Unincorporated Tallahatchie County	Glendora	Slede
Unincorporated Tate County	Grenada (city)	Southaven
Unincorporated Tunica County	Hernando	Sumner
Unincorporated Yalobusha County	Horn Lake	Tillatoba
Batesville	Jonestown	Tunica (town)
Charleston	Lambert	Tutwiler
Clarksdale	Lula	Walls
Coahoma (town)	Lynchburg	Water Valley
Coffeeville	Lyon	Webb
Coldwater	Marks	Other:
Como	North Tunica	

2.	Is your home located in a floodplain?				
	<ul><li>☐ Yes</li><li>☐ No</li><li>☐ I don't know</li></ul>				
3.	Do you have flood insurance for your home/	personal property?			
	☐ Yes ☐ No ☐ I don't know				
	a. If "No," why not?				
	<ul> <li>□ Not located in floodplain</li> <li>□ Too expensive</li> <li>□ Not necessary because it never flood location</li> <li>□ Not necessary because my proper</li> <li>□ Never really considered it</li> <li>□ Other (please explain):</li> </ul>	ty is elevated or otherwise protected			
4.	Have you ever experienced or been impacted	d by a natural disaster?			
	☐ Yes				
	□ No				
	a. If "Yes," please explain:				
5.	On a scale of 1 to 5, how concerned are y being impacted by a natural disaster?	ou about the possibility of your community			
	<ul> <li>□ 1 - Not at all</li> <li>□ 2 - Slightly</li> <li>□ 3 - Moderately</li> <li>□ 4 - Very</li> <li>□ 5 - Extremely</li> </ul>				
6.	Please select the three hazards you think po	se the greatest concern to your community:			
	<ul> <li>□ Dam / Levee Failure</li> <li>□ Drought</li> <li>□ Earthquake</li> <li>□ Erosion</li> <li>□ Extreme Heat</li> <li>□ Flood</li> <li>□ Hailstorm</li> <li>□ Hurricane / Tropical Storm</li> </ul>	<ul> <li>□ Land Subsidence / Sinkholes</li> <li>□ Landslide</li> <li>□ Lightning</li> <li>□ Severe Thunderstorm / High Wind</li> <li>□ Tornado</li> <li>□ Wildfire</li> <li>□ Winter Storm / Freeze</li> </ul>			

7.	there another hazard not listed above that you think is a wide-scale threat to your nmunity?						
	Yes (please explain): No						
8.	On a scale of 1 to 5, how prepared do you feel if a natural disaster were to occur?						
	<ul> <li>□ 1 - Not at all</li> <li>□ 2 - Slightly</li> <li>□ 3 - Moderately</li> <li>□ 4 - Very</li> <li>□ 5 - Extremely</li> </ul>						
9.	Have you taken any actions to make your home, neighborhood, or family safer from hazards?						
	□ Yes □ No						
	a. If "Yes," please explain:						
10.	Are you interested in making your home, neighborhood, or family safer from hazards?						
	□ Yes □ No						
11.	On a scale of 1 to 5, how informed do you feel about the risks and potential impacts of natural disasters?						
	<ul> <li>□ 1 - Not at all</li> <li>□ 2 - Slightly</li> <li>□ 3 - Moderately</li> <li>□ 4 - Very</li> <li>□ 5 - Extremely</li> </ul>						
12.	Do you know which government department or agency to contact regarding your risks from hazards in your area?						
	□ Yes □ No						

13.	13. Please select the way(s) you prefer to receive information about how to make your home, neighborhood, or family safer from hazards:							
	000000000	Newspaper Television Radio Internet Social media Email Mail Public workshops/meetings School meetings Other (please explain):						
14. Please select the way(s) you prefer to receive alerts or warnings about impending hazard events or dangerous conditions:								
15.		Television Radio Landline phone Cell phone Text message Facebook Twitter Other (please explain):  your opinion, what are some steps your local government could take to reduce the a of future hazard damages in your community?						

16. A number of community-wide activities can reduce vulnerability to hazards. In general, these activities fall into one of the following six broad categories. Please tell us how important you think each category is for your community to consider.

Category	Very Important	Somewhat Important	Not Important
1. Prevention Administrative or regulatory actions that influence the way land is developed and buildings are built. Examples include planning and zoning, building codes, open space preservation, and floodplain regulations.			
2. Property Protection Actions that involve modification of existing buildings to protect them from a hazard or removal from the hazard area. Examples include acquisition, relocation, elevation, structural retrofits, and storm shutters.			
3. Natural Resource Protection Actions that, in addition to minimizing hazard losses, also preserve or restore the functions of natural systems. Examples include floodplain protection, habitat preservation, slope stabilization, riparian buffers, and forest management.			
4. Structural Projects Actions intended to lessen the impact of a hazard by modifying the natural progression of the hazard. Examples include dams, levees, detention/retention basins, channel modification, retaining walls, and storm sewers.			
5. Emergency Services Actions that protect people and property during and immediately after a hazard event. Examples include warning systems, evacuation planning, emergency response training, and protection of critical emergency facilities or systems.			
6. Public Education and Awareness Actions to inform citizens about hazards and the techniques they can use to protect themselves and their property. Examples include outreach projects, school education programs, library materials, and demonstration events.			

THANK YOU FOR YOUR PARTICIPATION!
